7 Clinical Social Work CAREER TIPS

www.SocialWork.Career

Meet Clients Where They Are

 Clients are the experts about their lives and treatment. Cultural competence, strengths perspective and trauma sensitivity are key.

Relationship Heals

 Honor role as attachment figure for clients; this is what enables you to facilitate healing of past attachment failures.

Brand Yourself

 Decide how you want to be known as a social worker, and where/how you are going to spend your money.

Employ Countertransference

 Make its presence transparent by talking with client. Ask: Is this a way that you have felt before in relationships??

Money Matters

 The salary ranges of jobs you will be offered isn't wide. Do not take a salary that is below what you can live on.

Use Supervision

 To both grow and help your clients the most, ask supervisor questions, admit errors and acknowledge struggles.

Self-Care

 Spend time with other social workers. Also, engage in activities that re-charge you.
